Print to high-volume printer

1. When you're ready to print your document, click **P** as you would if you were printing to any other printer.
2. Select **ODU_H _V _P** as your printer.
3. Enter the quantity and any other special finishing settings, and click **OK**.

4. In the **P J D a** window that pops up, you have the option to enter any special instructions, like who the job is for, where you'd like it delivered, etc. (You could also leave this field blank.) Click **P**.

If you don't see **ODU_H _V _P** as an option in your print dialogue box, contact the ITS Help Desk at itshelp@odu.edu or 683-3192 for assistance.
