

Banner XE Forms: Running Reports in Jobsub

- Confirmation message and job number will be displayed if report/process was run successfully.

- If printer chosen was DATABASE, go to **Related** pulldown and choose GJIREVO to view.

- Be aware that Banner will keep the referenced report name on this form even when typing a new report/process name on the main home menu. You must retype the report/process name again in the process block when navigating to GJAPCTL again.
